

How to Upload your Video/Forms to EntryEeze

Prerequisites

1. Be signed up for the current test session in EntryEeze
2. Have a computer with access to the internet or a mobile device
3. Have a copy of your video saved to your computer or phone
 - a. On your computer - If you use iCloud which automatically saves all photos and videos, simply log on to <https://www.icloud.com/> and download the video to a location on your computer. If you don't use iCloud you can use a USB cord to attach your phone directly to your computer to download the video
 - b. If you have the video on your mobile device/iPad then you can upload directly to EntryEeze
4. Have the required attestation forms filled out and signed. The attestation forms consist of the **Names & Likeness** and the **Performance Affidavit**.
5. For non-members, a Permission to Test form is required. This can be obtained from your home club, and can be uploaded at the end of registration. If the form is not uploaded upon registration, then a link to upload will be sent by EntryEeze at a later date.
